Introduction

Abu Dhabi Indian School, Al Muroor recognizes that access to technology in school gives students greater opportunities to learn, engage, communicate, and develop skills that will prepare them for work, life, and citizenship. We are committed to helping students develop 21st century technology and communication skills and provide infrastructure access to technologies for student use.

This policy describes the acceptable use of digital technology. It is designed to minimize the risk to students, protect employees and the school from litigation as well as maintain levels of professional standings. The policy is designed to ensure the safe and responsible use of electronic devices by all users, both on the school premises and elsewhere in which the school is represented.

In order to use the school's digital resources, they must follow the guidelines set forth in this policy. The rules written in this agreement are not all inclusive. ABU DHABI INDIAN SCHOOL, AL MUROOR reserves the right to change this agreement as and when it deems it necessary to do so. It is a general agreement that all facilities (hardware, software, Internet, etc.) are to be used in a responsible, ethical, and legal manner, in and out of school. By using any digital resources, whether owned personally or by the school, users acknowledge their understanding of the Electronic Devices / Digital Resources / BYOD Agreement as a condition of using such devices and the Internet. The school provides some electronic devices and services to promote educational excellence. The school has a responsibility to maintain the integrity, operation, and availability of its electronic systems for access and use. The school does not guarantee user privacy or system reliability.

Whilst in School, access to the school network and the Internet should be considered as a privilege, and not as a right, and can be suspended immediately, without notice. Access on site is available only for educational and administrative purposes. Digital resources are to be used in accordance with this Policy and all users will be required to comply with its regulations.

The guidelines provided in this policy are intended to help users understand appropriate use. The school may restrict, suspend, or terminate any user's access to the school's computer systems upon violation of this Policy. This policy applies to all digital resources, not only the computers, devices and equipment provided in the school's IT labs, but also the personal devices students bring to school in accordance with the school's Bring Your Own Device initiative.

The purpose of the 'Electronic Devices / Digital Resources / BYOD acceptable Use' Agreement is to ensure that all students use technology in school, at home and elsewhere, effectively, safely and responsibly, to facilitate learning on a 24/7 basis, and to help ensure that they develop the attributes of competent digital citizens.

The Electronic Devices / Digital Resources / BYOD Agreement provides guidelines for using all digital hardware and software (on individual computers/devices, on local area networks, wide area networks, wireless networks, the Internet and companion technological equipment - e.g. printers, servers, Smartboards, projectors, etc. when students are at school). The Agreement also establishes rights and responsibilities for all users, in and out of school. All users of the school network and technological devices anytime, anywhere, are expected to follow the guidelines or risk loss of digital privileges. In cases of serious breaches, further action may be taken, in line with the school's standard disciplinary procedures.

School Network Accounts

- Accounts on the systems at ABU DHABI INDIAN SCHOOL, AL MUROOR are considered secure, although absolute security of any data cannot be guaranteed.
- Students should not store commercial software, music, and/or games or hidden files to their school network account profile folders.
- School-related files are the only files to be saved in a school network account Profile folder temporarily and should be emailed to student personal email or saved in their fusion virtual

- learning environment profiles.
- Use only their account/password. This practice will ensure that only their personal device is connected to the network.

Personal Safety

- Students should not share personal information, including phone number, address, ID number, passwords, or birthday over the internet without adult permission.
- Students should recognize that communicating over the internet does not bring anonymity and involves associated risks. Therefore, they should carefully safeguard the personal information of themselves and others.
- Students should not agree to meet someone they met online in real life without parental permission.
- If you see a message, comment, image, or anything else online that makes you concerned for your personal safety, bring it to the attention of an adult (teacher if you're at school; parent if you're using the device at home) immediately.
- Students should always use the Internet, network resources, and online sites in a courteous and respectful manner.
- Students should also recognize that some content online maybe unverified, incorrect, or inappropriate.
- Students should not indulge in posting anything online that is detrimental to the values & Culture of UAE.

Equipment

- ABU DHABI INDIAN SCHOOL, AL MUROOR encourages students the use of latest devices as these will ensure compatibility and appropriate educational apps and programmes to be easily installed. The school highly recommends the use of tablet devices with Wi-Fi Only including iPad or Android for Primary / secondary students and Windows laptops for senior students.
- Only One Device (BYOD) per user is allowed to be connected to school Wi-Fi, and it should be registered with IT Department.
- Borrowing of School equipment is not permitted unless email authorization has been given from the respective Faculty Leader or Head of Department, and the hardware is part of an established loan scheme.
- School equipment problems should be immediately reported to a class teacher / Head of Section. It is prohibited to move, repair, reconfigure, modify or attach external devices to existing information and network equipment.
- All equipment must be properly signed-out/in and documented, and work areas kept neat and clean, free from food and drink.
- Users are expected to treat equipment with extreme care and caution; these are expensive devices that are entrusted to their care. Users should report any damage or loss to their C l a s s Teacher/ Head of Section. If a person checks-out or borrows an equipment, they are responsible for replacing it or repairing it if it is lost or damaged. ABU DHABI INDIAN SCHOOL, AL MUROOR will **not** be financially accountable for any loss or damage.

Violations

Violations will result in a denial of access and possibly further disciplinary action. Notification to parents, Suspension of network, technology, or computer privileges, Detention or suspension from school and school-related activities & Disciplinary action. Violations include-

- Obey the laws and restrictions of UAE Cyber Policy,. Do not use personal equipment to record (audio/visual) of others without their permission and/or upload them.
- Alert a teacher or other staff member if you come across threatening, inappropriate, or harmful content (images, messages, posts) online and help maintain the integrity of the school network.
- You should use trusted sources when conducting research via the Internet.

Cyber bullying/Social Media

Cyber bullying will not be tolerated. Harassing, dissing, flaming, denigrating, impersonating, outing, tricking, excluding, and cyber stalking are all examples of cyber bullying. Students should not send emails or post comments with the intent of scaring, hurting, or intimidating someone else. Engaging in these behaviours, or any online activities intended to harm (physically or emotionally) another person, will result in severe disciplinary action and loss of privileges. In such cases, cyber bullying can be a crime. Remember that your activities are monitored and retained.

Students will be held accountable for Cyber-Bullying, even if it occurs off-campus during the school year and for behaviour that negatively impacts the reputation of ABU DHABI INDIAN SCHOOL, AL MUROOR. Students are reminded that in the UAE there are extreme consequences for online defamation of character of person or organization.

The UAE Student Conduct Disciplinary Bylaw and the Federal Decree-Law no. (5) outline that deliberately creating, transferring and publishing photos and comments on Social Media (Instagram and WhatsApp) that undoubtedly shows defamation of individuals or staff members or School Leadership of character, dignity and integrity are breaking the law.

Key provisions relevant to schools excerpts of Federal Decree-Law no. (5) state:

| | | |
|----|--|--|
| 21 | Invasion of privacy, including photographing others, or creating, transferring, disclosing, copying or saving electronic photos (even just taking a photo or video of someone without their permission, or saving a photo they have posted.). Defamation. Publishing news, photos, scenes, comments, statements or information, even if true and correct. Amending or processing a record, photo or scene for the purpose of defamation of or offending another person or for attacking or invading his privacy. | Up to 6 months' imprisonment +/- fine of AED 150k – 500k |
|----|--|--|

Students need to be fully aware of their responsibilities which are reinforced at school. This provides the students with a clear understanding of the above conditions within the UAE and includes comprehensive coverage of issues relating to students' own 'digital footprints' and creating a positive online presence, as well as interaction with others.
