## ARAB ENVIRONMENT DAY 2025-26

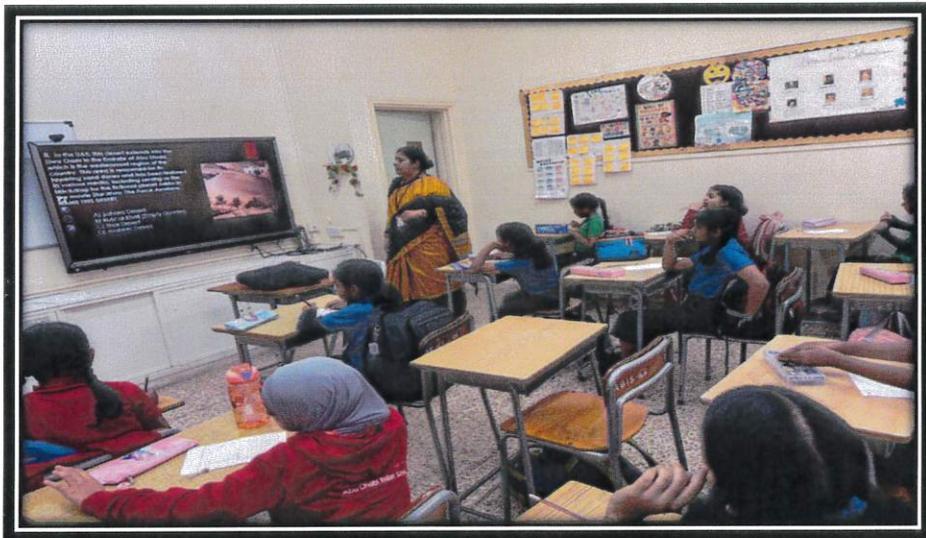

### PRIMARY GIRLS

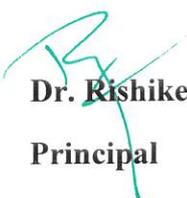

*The Arab Environment Day* was observed on 16th October 2025 from 7:30 to 8:00 a.m. in the classrooms for primary girls of Grades 3 to 5, with a total of 570 students participating. An awareness video was created by our junior house prefects followed by a quiz. The quiz activity was organized by our USST faculties, Mrs. Bushra Ambalakkuth and Mr. Safer Salahudeen under the guidance of our Section Head, Mrs. Sajeena Moosakutty.

The quiz and the video aimed to raise awareness about environmental conservation, sustainability, and the UAE's green initiatives. Students enthusiastically participated in various quiz rounds focused on recycling, renewable energy, and global environmental challenges. The event helped students understand the importance of protecting nature and encouraged them to adopt eco-friendly habits. It promoted teamwork, critical thinking, and moral values like responsibility and respect for the environment. The quiz was linked with Science, Geography, English, and Islamic Studies, reinforcing cross-curricular learning.

Students expressed their joy and learning through reflections on saving water, recycling, and tree planting. Teachers noted that the quiz format was highly engaging and effective. The activity supported UAE's Year of Sustainability and aligned with UAE Vision 2031. The Quiz was followed by a pledge to conserve nature.
